

Humanica Public Company Limited and its subsidiaries
Review report and interim consolidated financial statements
For the three-month period ended 31 March 2018

Independent Auditor's Report on Review of Interim Financial Information

To the Shareholders of Humanica Public Company Limited

I have reviewed the accompanying consolidated statement of financial position of Humanica Public Company Limited and its subsidiaries as at 31 March 2018, the related consolidated statements of comprehensive income, changes in shareholders' equity, and cash flows for the three-month period then ended, as well as the condensed notes to the consolidated financial statements. I have also reviewed the separate financial information of Humanica Public Company Limited for the same period. Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*. My responsibility is to express a conclusion on this interim financial information based on my review.

Scope of review

I conducted my review in accordance with Thai Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*.

Humanica Public Company Limited and its subsidiaries
Notes to interim consolidated financial statements
For the three-month period ended 31 March 2018

1. General information

1.1 Corporate information

Humanica Public Company Limited ("the Company") is a limited company incorporated and domiciled in Thailand. The Company is principally engaged in providing human resource outsourcing and payroll services, sales of human resource systems and enterprise resource planning and providing implementation services. During the current period, the Company has changed its registered office address from 92/25, Sathornthani 2 Building, 11th floor, North Sathorn Road, Silom, Bangrak, Bangkok to 2 Soi Rong Muang 5, Rong Muang Road, Rong Muang, Pathumwan, Bangkok.

1.2 Basis for the preparation of interim financial statements

These interim financial statements are prepared in accordance with Thai Accounting Standard No. 34 Interim Financial Reporting, with the Company choosing to present condensed interim financial statements. However, the Company has presented the statements of financial position, comprehensive income, changes in shareholders' equity, and cash flows in the same format as that used for the annual financial statements.

The interim financial statements are intended to provide information additional to that included in the latest annual financial statements. Accordingly, they focus on new activities, events and circumstances so as not to duplicate information previously reported. These interim financial statements should therefore be read in conjunction with the latest annual financial statements.

The interim financial statements in Thai language are the official statutory financial statements of the Company. The interim financial statements in English language have been translated from the Thai language financial statements.

1.3 Basis of consolidation

These consolidated financial statements include the financial statements of Humanica Public Company Limited ("the Company") and its subsidiaries ("the subsidiaries") and have been prepared on the same basis as that applied for the consolidated financial statements for the year ended 31 December 2017. There have been no changes in the composition of the Group during the current period.

1.4 New financial reporting standards

(a) Financial reporting standards that became effective in the current year

During the period, the Company and its subsidiaries have adopted the revised financial reporting standards and interpretations (revised 2017) which are effective for fiscal years beginning on or after 1 January 2018. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes and clarifications directed towards disclosures in the notes to financial statements. The adoption of these financial reporting standards does not have any significant impact on the Company and its subsidiaries' financial statements.

(b) Financial reporting standard that will become effective in the future

During the period, the Federation of Accounting Professions issued the financial reporting standard TFRS 15 Revenue from Contracts with Customers, which is effective for fiscal years beginning on or after 1 January 2019. Key principles of this standard are summarized below.

TFRS 15 Revenue from Contracts with Customers

TFRS 15 supersedes TAS 11 Construction Contracts and TAS 18 Revenue, together with related Interpretations. Entities are to apply this standard to all contracts with customers unless those contracts fall within the scope of other standards. The standard establishes a five-step model to account for revenue arising from contracts with customers, with revenue being recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The standard requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model.

At present, the management of the Company and its subsidiaries is evaluating the impact of this standard to the financial statements in the year when it is adopted.

2. Significant accounting policies

The interim financial statements are prepared using the same accounting policies and methods of computation as were used for the financial statements for the year ended 31 December 2017.

3. Related party transactions

During the periods, the Company and its subsidiaries had significant business transactions with related parties. Such transactions, which are summarised below, were concluded on terms and bases agreed upon between the Company and those related parties.
